Why a Franco-Belgian gathering?

In France and Belgium, cinema production essentially deals with a similar market: same type of programming, same audience types and consumer habits, etc. Films are often released on the same day in both countries, and the interests of the film industry are increasingly interlinked, with numerous Franco-Belgian co-productions seeing the light of day.

However, there are still many differences between our two countries on many levels, such as state involvement in supporting and subsidising films, film releases, the influence of English-speaking films and art-house cinema. Original ideas are springing up on either side of the border, constantly innovating and further developing this passionate artistic endeavour.

The purpose of the Franco-Belgian gathering is to form constructive relationships by discussing opinions and to mutually benefit from our respective experiences.

We are delighted to welcome you to the 3rd edition of the Franco-Belgian gathering of cinema professionals

From Thursday, 21 to Friday, 22 January 2016 at Imagix Tournai (Belgium).
